

The administration of FIDM fully recognizes that the single most important factor in any educational institution is the faculty. FIDM instructors are carefully selected as specialists in their field. Many instructors at FIDM are currently employed in their respective fields of expertise. They can therefore bring their daily exposure to this industry back into the classroom for the benefit of the students. In selecting the best faculty, consideration is given to both academic excellence and practical experience in the industry.

Faculty

“...The single most important factor in any educational institution is its faculty.”
