

{ DIGITAL MEDIA entrance project }

Create a video self-portrait using digital technology.

PART ONE: Inspiration & Preparation

Start a script for your video. Write a brief paragraph that describes who you are, your interests, and why you make a great candidate for the Digital Media Program.

Your paragraph should be 500 words or less and include the following information about you:

- Background
- Hobbies
- Talents
- Interests
- Goals
- Any prior Digital Media experience

PART TWO: Creative Expression

Create a video that depicts what you have written in your paragraph. For example, if you listed one of your talents as the ability to play piano, you can record yourself playing. You may recruit the help of a friend to shoot the video, if necessary.

Important Notes:

- The self-portrait must be submitted as a DVD with a minimum time of 3–5 minutes, but no longer than 10 minutes.
- Your work will be judged on creativity and your ability to tell the story.
