

Faculty Listings

The single most important factor in any educational institution is its faculty.

An outstanding faculty defines a college. FIDM instructors are unmatched in their expertise and their commitment to training a new generation of professionals. In selecting the best possible faculty, we consider academic excellence and practical experience, so our students get the benefit of both. Many of our instructors maintain dual careers: as FIDM teachers and as active specialists in their fields. They bring their daily exposure to this industry back into FIDM's classrooms and labs for the benefit of our students.
