

Student Activities

You've heard about student life, right? Attending college isn't just about the classroom. The Student Activities Office at each campus is here to help students thrive during their time at FIDM. There are countless opportunities to socialize, network, and connect with the community at FIDM. Meet other students through on campus organizations such as the Student Council, Phi Theta Kappa International Honor Society, the ASID Student Chapter for Interior Design majors and the student chapter of Set Decorators Society of America (SDSA). Your classmates are people you can network with for the rest of your life, so get to know them! The Student Activities Office brings you priceless opportunities like hearing top industry speakers, alumni presentations, and community and cultural events that are sure to enhance your time at FIDM.

Student organization Phi Theta Kappa enjoys Halloween festivities.

Students celebrate friendship on Valentine's Day.
