CAMPUS LIFE & RESOURCES

From Admission to Graduation (and beyond), FIDM Staff & Faculty are dedicated to helping our students and alumni make the most of their educational and career opportunities. Advisors in Admissions, Student Success, and Career Services meet with students one-on-one to help guide the choice of a major, plan a degree path, and launch their careers. Our Librarians assist students as they research history, art, fashion, textiles, and interiors; and our Student Activities Coordinators ensure that campus life is rewarding and inspiring.

FIDM LIBRARY

The Library is a unique blend of resources and services, including collections of print materials and digital resources, focused on meeting the special information and research needs of the FIDM community.

Collections include:

Books, eBooks, Academic Journals & Periodicals The Library maintains a large collection of print and electronic titles, encompassing all majors and general subject areas, with emphasis on fashion, business, marketing, retail, art, and all areas of design.

Trend Reports Trend forecasts provide important information about the future direction of design. They predict color, silhouettes, key details, and fabrics up to 18 months in advance.

Research Databases The Library subscribes to several online business research and trend services including WGSN, Vogue Archive, Bloomsbury Fashion Central, and Mintel Global Market Indicator.

Special Collections This unique collection includes 19th and 20th century fashion and interior design resources that represent the cultural and social zeitgeist. Also included are vintage sewing patterns dating from the 1920s to the 1990s.

Textiles & Materials The Library is noted for its innovative Textile Design & Research area and its Textiles & Materials Resources, which give students exclusive access to current industry offerings.

Specialized Research The Library staff includes degreed Librarians and Subject Specialists who are available to assist students and faculty. Alumni and Industry Researchers may utilize the Library by appointment.

ONLINE LEARNING

With a holistic focus on academics, research, student activities, and career planning, we are able to deliver a true FIDM experience online for our students almost anywhere in the world. Our online curriculum features demonstrations, discussion groups, Zoom presentations, and sharing of student work. We also continue to offer unique classroom-based projects with mentorship from our Industry Partners, as we develop new and innovative ways to teach online.

[Resources from the Library to Student Activities and Career Planning](#) are all available online.

Our faculty, staff, and student activities team are planning activities and events weekly to ensure a dynamic student experience from home, including Zoom meetings for all clubs, alumni speakers, presentations from art historians, and workshops such as virtual styling. Our Career Advisors all have Zoom accounts so they are able to work with students and employers more personally and effectively.

We know that supporting our students as they navigate online courses is key, so all faculty are available for remote office hours to answer questions, in writing or via video conferencing as requested by their students, and the IDEA Center offers remote tutoring.

FIDM offers educational opportunities through distance education. Colleges offering the opportunity to take classes outside of their state must be authorized, or exempt from authorization for each state in which they offer those courses. No assumptions of availability should be made on the part of the student until checking with FIDM's Admissions or Student Success Departments.

HOUSING

Moving to a new city or just living on your own for the first time can be a challenging yet rewarding experience.

Whether you want to live with other FIDM Students in a dorm-like residence or just need help exploring local rental options, the FIDM Student Housing Office is here to guide you every step of the way.

Home Away From Home FIDM Student Housing feels like independent living with dorm-like rules and services. It's a great opportunity to make friends, learn life skills, and be part of a smaller community within FIDM. It's also a stepping-stone to fully independent living.

CAREER DEVELOPMENT

At FIDM, we understand the importance of professional development. The FIDM Career Center works one-on-one with you to identify industry-related internships and employment opportunities so you can gain valuable experience while attending college.

When you begin your education at FIDM, the Career Center partners with you to support your goals and help guide you on your career path. Access to the Career Network allows students and alumni to search and apply for jobs; search keywords for jobs, employers, and companies; and post a profile including portfolio, resume, and website. Students can also make an individual appointment with the Career Center. Based on our long-standing relationships with major companies in our industries, many firms use the Career Center to recruit FIDM talent.

INTERNSHIPS

At FIDM, we believe that students get more out of their education when they apply what they've learned as they work alongside professionals in their field. The Career Center works hard to research industry-related internships so our students can get valuable experience on their resumes while attending college.

STUDY ABROAD

FIDM offers several options for students who want to make travel part of their college experience. We offer various short-term study tours open to all students and some especially curated with specific majors in mind. The FIDM Exchange program allows participants to experience life in another country while attending courses at one of our partner institutions.

Study Tours Specializing in short-term travel opportunities to the world's great fashion and design centers, these intensive trips take students behind-the-scenes and into the showrooms of couturiers, designers, and company leaders, where they have the opportunity to network with industry professionals.

In addition, the Foundation has an up-to-date listing of outside scholarships, available to FIDM Students as well as non-FIDM Students: www.FIDMScholarshipFoundation.org.

The Foundation donates 25% of all donations received to community organizations such as YMCA LA, LA Mission, and Fred Jordan Mission, just to name a few.

DEBUT RUNWAY SHOW

DEBUT 2023 Runway Show at the Cooper Design Space - Student Designer Jacob Yadidi

FIDM's Annual DEBUT Runway Show features designs by graduating students in the Advanced Study Fashion Design program. Produced and filmed by FIDM Productions at the Cooper Design Space in Downtown Los Angeles, the DEBUT Runway Show is a culmination of nine months of intensive theoretical research, advanced fashion construction, and collection development, led by Fashion Design Co-Chairs Nick Verreos and David Paul.

Each Advanced Study Fashion Design student works closely with dedicated instructors in a professional studio environment using live fit models. Emphasis is placed on creating a cohesive capsule collection based on a creative thought process, proper fabrications, and market analysis.

DEBUT is broadcast to the industry and the public and streamed year-round on monitors throughout the campus. Digital Media and Digital Cinema program students gain on-set experience in the production of the show under the supervision of Department Chair, Gene LeBrock.
